Provided, that the Insurance Commissioner of the State shall be empowered to waive the requirements of this act, or any part thereof, upon a sufficient showing by any company affected by the provisions hereof that it can not obtain the securities named in Sections 1, 2 and 3 of this act without a sacrifice of the interest of its policyholders, and the Insurance Commissioner shall have the authority to judge of the sufficiency of such showing.

Sec. 3. That all bonds, stocks, mortgages and securities (except policies upon which loans may be made) in which the seventy-five per cent of the insurance reserve belonging or apportioned to policies upon the lives of citizens of Texas shall be invested as above provided, by the company so investing deposited in the vaults of the Treasury of the State of Texas or with any national bank in this State designated and appointed by the Comptroller of the Currency as a depository for moneys and funds belonging to the United States, or with any State bank or trust company or national bank in this State authorized and appointed by law as a depository for State moneys and funds, and the president of any depository in any depository in which any such securities are deposited shall forward to the State Treasurer of this State quarterly, or whenever demanded by him, a statement of the character and amount of the securities so deposited, and such securities shall at all times be subject to the payment of any money that may become due on any of such policies of insurance; provided, that no securities when deposited under the provisions of this act shall be withdrawn without authority in writing from the State Treasurer.

Sec. 4. That insurance companies which have loaned, or which may hereafter loan to Texas policyholders on the sole security of their policies more than twenty-five per cent of the entire reserve shall only be required to invest in Texas securities the remainder of the said seventy-five per cent of the reserve.

Sec. 5. That the investment and the

deposit provided for in this act shall be made of the reserve, on account of current business at least every six months; that is to say, each company shall, on or before the thirtieth day of June and thirty-first day of December of each year, invest and deposit the amount of reserve required by this act on account of the accumulated reserve for the preceding six months. And as to the part of the accumulated reserve upon policies heretofore written upon the lives of citizens of this State and required by this act to be invested and deposited in this State, each company shall have until the first day of January, 1908, in which to invest and deposit twenty-five per cent of the whole amount of such accumulated reserve required by this act to be so invested and deposited, and thereafter each company shall invest and deposit twenty-five per cent of such part of the said accumulated reserve every six months until the whole amount of the reserve required by this act has been so invested and deposited.

Sec. 6. That insurance companies organized and having their domicile in States of this Union wherein at this time, by the law of such home State such company or companies are required to deposit with officers within the home State securities covering the entire reserve upon the business transacted in that State and all other States in such manner to secure equally all policyholders of such company shall have two years after this act takes effect in which to comply with the provisions of Section 3 of this act; provided, that the fact of such deposit in the home State shall be shown to the Commissioner of Insurance, Statistics and History of this State by a certificate under the hand and seal of the proper officer of the home State of such company or companies.

Sec. 7. That each insurance company doing business in this State and coming within the provisions of this act shall, within thirty days after 30th day of June and 31st day of December of each year, file with the Commissioner of Insurance, Statistics and History of this State a statement duly executed and sworn to by either the president or secretary of the company, showing the entire amount of the reserves on its entire business in force in this State on June 30th and December 31st, respectively, and an itemized schedule of its investments in Texas property and Texas securities, which shall also be sworn to.

Sec. 8. That any insurance company coming within the provisions of this act, or the stockholders thereof, may, in addition to the deposit required by this act, at its or their option, deposit with

the Treasurer of this State the capital stock, or any part thereof, of such company, or securities covering such capital stock, and may, at their option, withdraw or substitute such stock or securities so voluntarily deposited; provided, that the substituted securities shall be approved by the Insurance Commissioner.

Sec. 9. That upon the deposit in the treasury or any of the above mentioned depositories in this State of any securities or stock provided by this act, the Treasurer of this State or president of such bank shall execute to the company making the deposit a receipt therefor, giving such description of the said securities or stock as will identify the same, and stating that the same are held on deposit for the company depositing the same, and any company making such deposit and holding such receipt shall have the right to advertise such fact, or to print the same upon the policies it may issue.

Sec. 10. That the proper officers and agents of each insurance company making a deposit of securities, as provided by this act, shall be permitted at all reasonable times to examine its securities and to detach coupons therefrom, and to collect all interest thereon under such reasonable rules and regulations as may be prescribed by the Treasurer and the Commissioner of Insurance, Statistics and History of this State.

Sec. 11. It shall be the duty of the Commissioner of Insurance, Statistics and History of the State to cause the terms of this law to be enforced, and the deposit required hereby to be made and kept up at all times, so that the same, together with any investment in real estate, as hereinbefore provided, shall at all times be equal to at least the amount of the reserve, as provided by this act. But the Commissioner of Insurance, Statistics and History may, in his discretion, permit the withdrawal of any of such securities and the substitution of other like securities in their stead, so that the required amount be kept on deposit, and upon the failure of any insurance company to make the investments and deposits required by this act, the Commissioner of Insurance, Statistics and History shall report such failure to the Attorney General, who shall institute suit in the district court of Travis county, Texas, to forfeit the permit of such company to do business in this State.

Sec. 12. The provisions of this act shall not be held to apply to any benevolent association without capital stock,

and doing business upon the assessment plan.

Sec. 13. The fact that there is no law in this State requiring the investment of the reserve apportioned or belonging to insurance policies upon the lives of citizens of Texas in Texas securities, and the protection of such reserve by requiring them to be deposited in the Treasury of this State, creates an emergency, and an imperative necessity exists that this act take effect and be in force from and after its passage, and it is so enacted.

Hon. A. B. Davidson, President of the Senate, and Hon. Thos. B. Love, Speaker of the House of Representatives.

Sirs: We, your Free Conference Committee on

Senate bill No. 52, A bill to be entitled "An Act to define the duties of railroad companies in this State with respect to shipping live stock and to require that they promptly furnish cars for such shipments, and fix penalties for failure of such duty, and declaring an emergency,"

Have had the same under consideration, and beg to report back to the Senate that it do not pass, but that the following Free Conference Committee bill do pass:

A BILL

To Be Entitled

An Act to define the duties of the railroad companies with respect to the furnishing of cars for shipment of freight, the interchange of cars as between each other at junction points, and to promptly receive and transport and deliver cars loaded with freight, and to exchange cars with connecting lines and otherwise to define the duties of the railway companies with respect to the transportation of freight and the exchange and delivery of cars at junction points, and to define abuses of railroad companies with respect to the matter of furnishing and exchanging of cars in the transportation of freight, and to empower the Railroad Commission of the State of Texas to correct such abuses and to fix rules and regulations with respect thereto, and to fix penalties for the disobedience of such rules and regulations and failure of duty on the part of railroad companies.

Be it enacted by the Legislature of the State of Texas:

Section 1. That it is hereby declared to be the duty of every railroad company operating a line of railroad within this State to provide sufficient tracks, switches, sidings, yards, depots and other facilities for receiving and delivering freight, motive power, cars and all other needful facilities and appliances to enable it with reasonable dispatch to perform all of its duties as to all traffic which with ordinary foresight and diligence could be anticipated as a common carrier, and to furnish all necessary and suitable cars and vehicles of transportation for all freight offered or tendered or to be offered or tendered to it for shipment within a reasonable time after demand therefor made by any shipper of such freight, and to supply within a reasonable time at its station or stations, spurs, sidings, switches or other places at which it receives freight for transportation, and from which such shipper gives notice to such railway company that he desires to ship such freight, at the time designated by the shipper where that is within reasonable time, sufficient suitable cars in which to load the same, and as to all services to be performed within the limits of this State, as to such freight and cars to transport same within a reasonable time to destination when destined to a point upon the line of such railroad receiving such freight, and if destined to a point beyond the line of such railroad, then to transport and deliver within a reasonable time such freight in such loaded car or cars to the connecting carrier forming any part of the route over which such shipment is made or to be made for the purpose of transportation by such connecting carrier on to the destination of such freight, or for delivery by it to the connecting line or lines forming any part of the route over which same is to be transported to its ultimate destination; and it shall likewise be the duty of each connecting line of railroad engaged in such transportation, as to all such service to be performed, as to all such freight and cars in which the same is carried within this State, to receive and transport within a reasonable time such loaded car or cars offered or tendered to it, if in suitable condition for movement, and deliver the same at the destination thereof, if destined to a point upon its line of railroad, and if destined to a point beyond its line of railroad, then to its connecting carrier forming any part of the route over which such car or cars are to be transported, subject to the same duties and obligations as if such freight had

originated upon such line of railroad; provided, that where such freight forms less than a car load, or where it may be necessary to unload the same because of any accident or injury thereto, or to the car in which the same is being transported, or where such freight is unloaded at the request of the shipper en route, or where, by reason of any accidental or unavoidable cause, or in order to comply with any law or regulation provided by law, such freight is unloaded, or it is reasonably necessary to do so, or where it is for any other reason necessary to unload such freight in order to forward, or before it can be forwarded, in any of such cases other suitable cars may be supplied. Provided, that as to freight carried wholly within this State the Railroad Commission of Texas shall have power, and authority is hereby vested in it, to make all needful rules and regulations for unloading cars at junction points or otherwise forwarding cars, furnishing cars for forwarding or reloading and the exchange of cars, and forwarding of such freight in the same or other cars. Provided also, that whenever, by reason of any accidental or unavoidable cause which can not be reasonably provided against by the use of reasonable foresight or diligence, such railroad company fails to so furnish cars, and shall use reasonable diligence to do so promptly after the happening of such accidental or unavoidable cause, it shall not on account of such failure be liable to the penalties of attorney's fees or as otherwise herein prescribed. But nothing in this act shall in any wise affect the right or remedy of any shipper or other person as same may exist at common law or under any statute to recover on account of failure, delay, refusal to furnish cars for transportation of any freight, or other failure to perform any other legal duty, nor to anywise exempt any such railroad company from any of the provisions of the statutes of this State or other duties imposed by law.

Sec. 2. That, for the purpose of facilitating the movement, preservation and exchange of freight, it shall be the duty of every railroad company in this State whose line of railroad connects with the line of any other railroad company in this State to exchange at such connecting or junction points the loaded and empty cars used in or for the transportation of freight carried upon such lines of railroad forming any part of the route over which such freight is carried or to be carried; and it shall be the duty of any such railroad companies forming any part of the through or joint route over which any freight is carried or to be car-

ried, or having or participating in the joint rates on which such freight is carried or to be carried, on demand of any such connecting line, delivering to it any such loaded car or cars of freight at junction points within this State, to furnish to such delivering line within a reasonable time after such loaded cars are so received at such junction point in this State, as many cars suitable for the carriage or transportation of similar freight as may be so delivered to it loaded by such connecting line; and upon the demand of the owner thereof, or the railroad company entitled thereto, or to the use thereof, it shall be the duty of every such railroad company so receiving the cars of another to return the same at the place where they are received, or at such place as may be by said railroad agreed upon, within a reasonable time after demand therefor; and, as to cars exchanged in transporting freight wholly in this State, within the time and according to the rules and regulations prescribed by the Railroad Commission of Texas.

Sec. 3. The Railroad Commission of Texas is hereby authorized and empowered, as to all freight carried wholly within this State, and the cars used therefor, to make and establish all needful rules and regulations, general or special, which may be different according to the circumstances and conditions to different railroads and localities and for different kinds and classes of freight and cars, providing for the time, place and manner of demanding cars for, or giving notice of shipment of such freight and the time, place, manner and order in which the same shall be furnished to shippers for the purpose of shipping freight between points in this State; and to prescribe rules and regulations for the furnishing, exchanging and interchanging of cars loaded and empty by railroad companies as between each other; the time, place, terms and conditions upon which such cars shall be furnished and such interchange shall be made; and in the absence of an agreement of such railroad companies, the reasonable compensation to be paid by such railroad company for the use, loss, injury or destruction of the cars of another railroad company in the transportation of such freight; the time within which, and the manner by which railroad companies shall give notice or make demand upon each other for cars to be furnished by one railroad company in exchange for loaded cars, or to have its cars returned, the reasonable free time to be allowed the shipper for the loading of such car or cars without

incurring liability for demurrage, the free time which shall be allowed to the shipper or consignee in which to unload such freight without incurring any liability for demurrage; a schedule of reasonable demurrage charges, reciprocal or otherwise, for the use of cars, irrespective of damages or penalties herein provided, which may be different for different railroads and different traffic and localities, to be paid by shippers for the detention or use of cars, either in loading or unloading, or by the railroads for failing in a reasonable time to furnish cars or to make delivery of loaded cars, subject to the penalties and damages herein provided, and the rules and regulations with respect thereto. Said Commission, whenever it may deem same necessary in order to secure the prompt transportation of freight and preservation of the property, shall be authorized to prescribe the minimum speed at which freight shall be moved when being transported between points within this State, including the time for transfer and delivery as between connecting railroads.

It shall be the duty of every such railway company to conform to all of the rules and regulations and orders of the Commission, made in accordance with this act, and the failure of any such railroad company to observe the rules and regulations of the Commission or to comply with the provisions hereof as to freight carried wholly within this State, shall be deemed an abuse subject to correction by the Railroad Commission of Texas, and shall subject such railroad company to the penalties hereinafter provided.

Sec. 4. That every railroad company which, in violation of any of the provisions of this act, shall fail to furnish any car or cars for the shipment of any freight within a reasonable time, or in case of the shipment of freight between points within this State when within the time prescribed by the Railroad Commission of Texas, in the event it shall prescribe the time by rules or regulations as provided for herein, and if it shall fail to do so then within a reasonable time, or shall fail to receive and forward any loaded car or cars or to exchange cars as provided for herein, shall be liable to the shipper or other person injured or damaged thereby for all such injury and damage as may result to such shipper and all special damages of which such railroad company had notice at the time of the shipment, or which shall occur after written notice thereof, and shall be liable in addition thereto for an amount equal to a reasonable attorney's fee in

case suit is brought for the recovery of such damages; and in case of the failure or refusal to so furnish within a reasonable time any car or cars for the shipment of live stock, green fruit, vegetables or other perishable freight, such railroad company, for such failure to furnish such car or cars within a reasonable time, shall be liable to the shipper for the damage caused thereby and a reasonable attorney's fee in case suit is brought to recover the same. That every railroad company which shall fail to furnish cars or to exchange as required by the provisions of this act, or by the rules and regulations of the Railroad Commission as provided for therein, shall be liable to the railroad company injured thereby for all such damage as may result to it, and in addition thereto an amount equal to a reasonable attorney's fee in case of suit brought for the recovery of such damages.

Every railroad company using cars of another railroad company, or which have been delivered to it by such railroad company, shall be liable to the party entitled thereto to pay for the reasonable use and hire thereof and for injury or damage thereto or destruction thereof while in its possession or under its control for the amount of such injury; and in case of cars in the shipment of freight between points wholly within this State the amount for the use or hire thereof may be prescribed by the Railroad Commission of Texas, except where the owners of such cars and such railway companies agree upon such compensation, in which case the amount so fixed shall govern. And where any such railroad company or owner of any such car or cars shall be dissatisfied with the amount fixed by the Commission for such use, hire, loss or destruction or damage to such car, or where the railroad company liable therefor shall fail to pay for the same, the railroad company or person entitled thereto, or which is liable for the use, hire, loss, injury or destruction of such cars, shall be entitled to establish the reasonable value thereof in a suit brought in any court of this State having jurisdiction of the parties and of the amount in controversy, and such court shall render such judgment as to it shall seem just and reasonable; provided, that no railroad company shall be compelled to furnish its own cars to any other railroad company which is insolvent, except upon reasonable security furnished to it to protect it from loss or damage to or destruction of such cars and compensation for the use thereof, and in no event shall any railroad company be required

to furnish any cars to any connecting line except to exchange for other cars reasonably suitable for the transportation of freight.

Sec. 5. That if any railroad company which shall willfully or by its own gross negligence, or by the gross negligence of its agents having charge and management of the matter of furnishing cars, fail or refuse to furnish or exchange cars as herein provided for, or to transport or deliver the same within the time prescribed by the Commission as to freight carried between points wholly within this State, or if not so prescribed, then within a reasonable time, shall, in addition to the other liabilities herein provided for, forfeit to the State of Texas for each of such violations not less than one dollar (\$1) nor more than one hundred dollars (\$100) for each offense; and each day of such failure or neglect as to each car which it by such willful or gross negligence shall fail or refuse to furnish or exchange shall be treated as a separate offense; such penalties to be recovered at the suit of the Attorney General of the State of Texas in the court having jurisdiction of the amount at Austin, in Travis county.

By the term "shipper" as herein used is meant any person, firm or corporation tendering freight for shipment, and any consignor or consignee, or the assignee of any bill of lading or other person, firm or corporation having the right of a consignor or consignee.

Sec. 6. It shall be deemed *prima facie* a reasonable time within which to order cars that any shipper shall give written notice thereof to the station agent at the place of shipment, or in his absence to the nearest station agent of the railroad company to which such application is made, three (3) days before such shipment of five (5) cars or less, and five (5) days for less than ten (10) or more than five (5) cars, and eight (8) days for ten (10) cars or more; and it shall be the duty of the railroad companies to furnish their station agent with printed blanks upon which shippers may make application for their cars.

Provided, that nothing in this act shall be construed to exempt any railroad company from its obligation to furnish cars for shipment without such written notice, but it shall only be subject to the penalties of this act for failure to furnish cars to shippers where notice thereof shall be given in writing, or in case of shipment of freight wholly between points in this State, then in accordance with the rules and regula-

tions of the Railroad Commission of Texas.

FREE CONFERENCE REPORT ON
SENATE BILL NO. 13.

By Senator Smith, as a privileged matter:

Committee Room,
Austin, Texas, April 9, 1907.

Hon. A. B. Davidson, President of the Senate, and Hon. Thos. B. Love, Speaker of the House of Representatives.

Sirs: We, your Free Conference Committee, to whom was referred Senate bill No. 13, A bill to be entitled "An Act regulating the granting of divorces by annulling marriage; dissolving the bonds of matrimony; granting alimony; awarding custody of minor children; the practice in relation to the trial of divorce suits; prescribing penalties for the violation thereof, and with an emergency clause,"

Have had the same under consideration, and beg to report that we have adjusted the differences between the two houses, and report the bill which embodies our agreement and adjustment of differences as follows:

S. B. No. 13. By Smith.

A BILL

To Be Entitled

An Act regulating the granting of divorces by annulling marriage; dissolving bonds of matrimony; granting alimony; awarding custody of minor children; the division of the estate of the parties to the suit; the practice in relation to the trial of divorce suits, prescribing penalties for the violation thereof.

Be it enacted by the Legislature of the State of Texas:

Section 1. Hereafter all hearings and trials of divorce suits for the annulment

of marriage and the dissolution of the bonds of matrimony shall be public, but in case tried by the court without the intervention of a jury, the court may in his discretion hear said cause at such time as may not give undue publicity thereto. It is hereby made the duty of the court, in all cases, to propound such questions to the parties and witnesses in the cause as may be necessary to ascertain whether there is any collusion or fraud being practiced in the cause, or upon the jurisdiction of the court, and he shall have authority and it is hereby made his duty in all cases where he may deem it proper to appoint a disinterested attorney to actively defend the case, which attorney when so appointed may be by the court allowed a reasonable compensation to be taxed as costs in the case.

Sec. 2. If upon the trial of any such cause the court is of the opinion that a divorce should be granted, then the court shall award and cause to be entered of record in its minutes a decree nisi dissolving the bonds of matrimony between the parties to the suit, and which decree shall recite that the same will become final and absolute at the expiration of six months from the entry thereof unless the same has been prior thereto vacated by order of the court or suspended by an appeal taken therefrom. When an appeal is taken from any nisi decree, and the same is affirmed, then at the expiration of six months from the date of the affirmance of such nisi decrees.

Sec. 3. When the decree annulling the marriage or dissolving the bonds of matrimony shall be made, the court may, upon application therefor award the custody of the minor children to their father or mother as the court may deem right and to the best interest of the children, and may make such order allowing alimony for the maintenance of the wife and of the children, or any of them as from the circumstances of the parties and the nature of the case shall be deemed reasonable. When the wife is plaintiff, the court may order the defendant to give security for the payment of the alimony allowed, and upon his default to give the required security, may award an execution for the collection thereof, or it may enforce such payment according to the practice regulating the enforcement of the judgments of such courts. The court or judge, on application of either party, either in term time or vacation, after ten days' notice to the opposite party, may rescind, al-

ter or change, and from time to time may alter or change the allowance of alimony and maintenance as may be deemed proper. The court may allow alimony pending the suit for divorce in all cases where the same would be just, whether the wife be plaintiff or defendant, and enforce such order in the manner provided by law. The payment of alimony allowed the wife shall cease upon her death or re-marriage.

Sec. 4. When a decree is made allowing alimony the court shall direct therein in what manner and what portion thereof, if any, shall be paid, before the decree of divorce shall become absolute, and what portion thereof and how the same shall be paid thereafter, but the court shall not in any case grant alimony to be paid to the wife after the decree becomes absolute when the wife has a separate estate or where her portion of the common estate is sufficient for her maintenance. When alimony is decreed the court shall have the power to make such decrees a general lien on the realty of the party against whom the decree may be rendered, subject to execution, and such lien may be fixed and maintained as in the case of other judgments for money. Provided, the order or decree for alimony shall not be a lien or enforced as such on the property of the husband, in case where he gives security for the payment thereof, as the court may direct and approve.

Sec. 5. Appeals may be taken as now provided by law from all decrees annulling marriage and dissolving the bonds of matrimony and from all orders and decrees for alimony, which is to be paid after the decree for divorce becomes final, and from all orders relating to the custody, care and maintenance of minor children.

Sec. 6. Any party to a divorce suit in which nisi decree is rendered for annulling the marriage or dissolving the bonds of matrimony, who shall, before such decree shall become final, as provided for in this act, marry again in this State or who shall before such decree becomes final marry outside of the State and live in this State with such person as his wife or her husband, shall be punished by imprisonment in the State penitentiary for a period of not less than two years and not more than five years.

Sec. 7. If the parties to any such suit shall before any nisi decree becomes absolute sign and file with the clerk of the court where such suit is pending an agreement so to do, the court shall by an order entered, either in term time or

vacation, set aside and vacate such nisi decree.

Sec. 8. When decrees dissolving the bonds of matrimony are rendered, the court upon proper pleadings therefor may order and decree a division of the estate of such parties in the manner and way now provided by law and may, by decree give each party the exclusive management, possession and disposition of the portion thereof so allotted him or her, but in case an appeal is taken from such decree, the court may, in his discretion, either in term time or vacation, make such orders for the safe-keeping and preservation of the entire property or any portion thereof so divided, pending such appeal and until final decree is rendered in such cause.

Sec. 9. This act shall not be construed to repeal the laws now in force relating to the property rights of the parties to suits for divorce.

Sir: Your Committee on Enrolled Bills have carefully examined and compared

Senate bill No. 34, "An Act to amend Article 3379, of the Revised Civil Statutes of the State of Texas, 1895, and declaring an emergency."

Be it enacted by the Legislature of the State of Texas.

Section 1. No stipulation in any contract requiring notice to be given of any claim for damages as a condition precedent to the right to sue thereon shall ever be valid unless such stipulation is reasonable, and any such stipulation fixing the time within which such notice shall be given at a less period than ninety days shall be void, and when any such notice is required, the same may be given to the nearest or any other convenient local agent of the company requiring the same; provided, that no stipulation in any contract between a person, corporation or receiver operating a railroad or street railway or interurban railroad and an employee or servant requiring notice of a claim by an employee or servant for damages for injury received to the person, or by a husband,

wife, father, mother, child or children of a deceased employe for his or her death, caused by negligence as a condition precedent to liability, shall ever be valid. In any suit brought under this and the preceding article it shall be presumed that notice has been given, unless the want of notice is especially pleaded under oath.

Sec. 2. The great necessity for this law, and the near approach of the close of the session, creates an emergency and an imperative public necessity requiring the suspension of the constitutional rule, which requires bills to be read on three several days in each house, said rule being so suspended, and that this act take effect and be in force from and after its passage, and it is so enacted."

Sir: Your Committee on Enrolled Bills have carefully examined and compared

Senate Concurrent Resolution No. 15:
Whereas, Senate bill No. 109, which passed both the Senate and House of Representatives, and which was approved by the Governor March 19, 1907,

contained under the item "Miscellaneous Appropriations," the following: "\$1000, or so much thereof as is necessary, to pay W. R. Davie, Tax Commissioner, for balance due him as salary for 1905, \$1000," and

Whereas, W. R. Davie was not appointed Tax Commissioner until the first day of January, 1906, and

Whereas, The services for which there is a balance due him were performed in the year 1906, and

Whereas, The figures "1905" in said Senate bill is a clerical error, it being intended by said bill to pay the said W. R. Davie for services performed in the year 1906; now, therefore be it

Resolved by the Senate of the State of Texas, the House concurring,

Section 1. That the Comptroller of Public Accounts, upon proper account properly sworn to presented to him by said W. R. Davie for balance due him for services performed for the year 1906, as Tax Commissioner, is hereby authorized to issue his warrant upon the Treasurer of the State of Texas for said amount, and the Treasurer of the State of Texas is hereby authorized to pay said warrant.

The near approach of the end of the session, and the fact that the error of date in the Senate emergency bill renders this appropriation unavailable, creates an emergency requiring that the constitutional rule requiring bills to be read on three several days be suspended, and that the resolution be placed upon its third reading and final passage, and that this resolution take effect and be in force from and after its passage, and it is so enacted,

And find it correctly enrolled, and have this day, at 2:40 o'clock p. m., presented same to the Governor for his approval.

Hon. A. B. Davidson, President of the Senate.

Sir: Your Committee on Enrolled Bills have carefully examined and compared

Senate bill No. 50, "An Act to prohibit bucket shops, to define 'bucket shops'; to define 'futures,' 'dealing in futures' and 'future contracts'; to prohibit the making of future contracts, except as herein provided; to prohibit renting property to be used for carrying on bucket shops, or knowingly permitting the same to be used; to prohibit any one from acting as the agent or broker of any other person in making any future contract; to prohibit any person from making any future contract for himself; to prohibit telegraph or telephone companies from allowing their wires or instruments to be used by or remain in any bucket shop; to prescribe penalties for the violation of this act; to provide for procedure in the trial of causes arising under this act, and to exempt from prosecutions persons testifying as to violations of this act."

Be it enacted by the Legislature of the State of Texas:

Section 1. A bucket shop, within the meaning of this act, is any place where in dealing in futures is carried on con-

trary to any of the provisions of this act.

Sec. 2. By each of the expressions "futures," "dealing in futures" and "future contract," as these terms are used in this act is meant

First. A sale or purchase, or contract to sell or purchase, or any offer to sell or purchase any cotton, grain, meat, lard or any stocks or bonds of any corporation to be delivered in the future where it was not the bona fide intention of the party being prosecuted under this act, at the time that such sale, contract, purchase or offer to sell or purchase was made that the thing mentioned in such transaction should be delivered and paid for as specified in such transaction.

Second. Any such sale, purchase, offer or contract where it was the intention of the party being prosecuted hereunder at the time of making such contract or offer that the same should, or, at the option of either party might be settled by paying or receiving a margin or profit on such contract.

Third. Any purchase, sale or offer of sale or purchase, or contract for future delivery of any of the things mentioned in this section of this act on, by or through any exchange or board of trade, the rules, by-laws, customs or regulations of which permit such contract or transaction to be settled or closed by delivery or tender of any grade or grades of the thing mentioned in such contract or transaction, other than the grade upon which the price is based in said transaction, at any price other than the actual price for spot delivery of such other grade or grades at the time and place of actual delivery or tender.

Sec. 3. If any person shall, either directly or indirectly, carry on or conduct, or be in anywise interested in carrying on or conducting any bucket shop, he shall be punished by two years confinement in the penitentiary.

Sec. 4. If any owner or person in the management or control of any property shall knowingly rent or lease the same to be used as a bucket shop, or shall knowingly permit the same to be so used, he shall be fined not less than \$100 nor more than \$2000, and may in addition thereto be confined in the county jail not less than one nor more than six months.

Sec. 5. If any person shall act or offer to act as the agent or broker of any other person in making or offering to make any future contract, he shall be fined not less than \$100 nor more than \$2000, and shall be confined in the coun-

ty jail not less than one nor more than six months.

Sec. 6. If any person shall make or offer to make for himself any future contract, he shall be fined not less than \$100 nor more than \$500, and may be confined in the county jail not less than ten nor more than thirty days; provided, it may be shown in defense of any prosecution under this section of this act that the transaction out of which such prosecution arose was a "hedging" contract between parties in this State and a party or parties without this State, and if such contract was made in whole or in part by any message sent by telegraph or telephone, that such message was delivered to the telegraph or telephone company sending the same by the defendant himself, and not through or by any broker or agent, and that such company rendering such service was a common carrier, exclusively so engaged, with no direct or indirect connection with or interest in such transaction other than the transmission of such message and receiving the charges therefor, which are not in excess of the usual rate for commercial messages between the points of transmission and receipt of such message.

Sec. 7. If any telegraph or telephone company, or any agent thereof shall knowingly permit any telegraph or telephone wire, or instrument to remain in any bucket shop or shall knowingly permit any of the wires, instruments, or equipment of such telegraph or telephone company to be used by any person engaged in any business rendered unlawful by this act, whether or not the same be leased by the person or persons so illegally using the same, such company or agent shall be fined not less than \$100 nor more than \$1000, and each day that this section of this act is violated shall constitute a separate offense.

Sec. 8. In any prosecution under this act in which it shall be a material issue as to whether or not in the offer to or contract to sell or purchase for future delivery anything mentioned in this act, it was the intention of the defendant that such thing should be delivered and paid for in accordance with the terms of such offer or contract, proof by the State that such contract was for the future delivery of such thing, shall constitute a *prima facie* case for the State on this issue, and the burden shall be upon the defendant to prove that the thing so contracted for, or offered to be contracted for was in fact delivered in accordance with the terms of such contract, or that it was the bona fide in-

tention of the defendant at the time of making such contract that such thing should be so delivered, and the court trying the case shall so charge the jury.

Sec. 9. If in any prosecution under this act it shall be a material issue as to whether or not the rules, regulations, by-laws or custom of any exchange or board of trade, on, by or through which any contract or offer for future delivery was made, permitted such contract or transaction to be settled or closed by the delivery or tender of any grade or grades of the thing mentioned in such contract or transaction, other than the grade upon which the price was based in said transaction, at any price other than the actual price for spot delivery of such other grade or grades at the time and place of such delivery or tender, proof that the same was made or offered or pretended to be made by, through or upon any exchange or board of trade, shall constitute a *prima facie* case for the State.

Sec. 10. No person shall be exempt from testifying as to any violation of any of the provisions of this act by reason of being himself guilty of such violation, but no person called by the State or a grand jury to testify shall be prosecuted for any violation of any of the provisions of this act testified to by such person.

Sec. 11. The habitual use, actual, threatened or contemplated of any premises, place or building or telegraph or telephone wires or instruments in violation of any of the prohibitions of this act, shall be enjoined at the suit of either the State or any citizen thereof.

Sec. 12. The Attorney General or the several district and county attorneys shall prosecute all suits deemed by them necessary to enjoin such use; provided, that nothing herein shall prevent such injunction from issuing at the suit of any citizen of this State who may sue in his own name, and such citizen shall not be required to show that he is personally injured by the acts complained of.

Sec. 13. The procedure in all cases brought under the two preceding sections of this act shall be the same as in other suits for injunction as near as may be; provided, that when such suit is brought by any district or county attorney or by the Attorney General, the petition for injunction need not be verified.

Sec. 14. The fact that there is now no adequate law to prevent dealing in futures, and the further fact that the prices of agricultural and farm products are greatly depressed by such gambling

transactions and that such transactions are against good morals and contrary to public policy, and the fact of the near approach of the final adjournment of the present session of the Legislature creates an imperative public necessity that the constitutional rule requiring bills to be read on three several days be and the same is hereby suspended and that this bill take effect from and after its passage, and it is so enacted,

And find it correctly enrolled, and have this day, at 2:40 o'clock p. m., presented same to the Governor for his approval.
